Session 1: Presenters

Jennifer Wisdom

Jennifer Wisdom, PhD MPH ABPP, helps curious, motivated, and mission-driven professionals to achieve their highest potential by identifying goals and then providing them with the roadmap and guidance to get there. She is a New York State licensed clinical psychologist and nationally board certified business and organizational psychologist. Dr. Wisdom has worked with complex health care, government, and educational environments for 25 years, including serving in the U.S. military as a noncommissioned officer, working with non-profit service delivery programs and consulting with research institutions globally. Her research focuses on developing leaders, improving health care systems, and implementing evidence-based practices.

She can be reached at: www.leadwithwisdom.com.

Jennifer Wilson

I grew up in Portland, Oregon and still live here. I've been working in healthcare for twenty nine years, and while I'm grateful for and engaged in this work, what I'm most passionate about is helping people elevate their awesome levels. I believe that everything we do starts from within and our most important work is on ourselves. When we build strengths like confidence, resilience, vulnerability, optimism and mindfulness our ability to change the world grows.
